R: .29 E: .87 SRI: 29

AVAILABLE SILICONIZED POLYESTER COLORS

Snow White
R: .59 E: .85 SRI: 69

Sedona Tan
R: .51 E: .86 SRI: 58

Galleon Gray
R: .53 E: .85 SRI: 61

R = Initial Solar Reflectivity (ASTM E-903, C-1549) • **E** = Emissivity (ASTM C-1371) • **SRI** = Solar Reflective Index (ASTM E-1980, based on medium wind speed)

All Metl-Span colors are formulated to provide premium energy-efficiency, solar reflectivity and maximum solar reflectance.

* Dark Bronze, Colonial Red and Forest Green are not recommended for exterior color on cooler and freezer buildings.

Prices may vary by color, gauge and quantity of metal. Please contact your Metl-Span representative for complete information.

All colors shown above approximate actual finish colors as accurately as possible.

PIONEERING INSULATED METAL PANEL TECHNOLOGY

*Strategically Located Coast-To-Coast:
Texas, Virginia, Nevada & Indiana.*
